Bradburys bakery, established by Tom and Peg Bradbury in 1938, have always been well known for their cafes and bakery shops, supplying traditional cakes and pastries for as long as many of us would care to remember and now Bradburys are gaining a reputation among a whole new generation, our primary school students...

Bradburys have been involved in the "School Meals" programme since 2004, since then they have devised a simple and efficient system of supplying quality lunches to every student, every day ensuring the greatest possible value and quality.

**BRADBURY'S
SCHOOLS HAVE
THEIR SAY!**

Here is a joint co-ordinator of the school meals program for two other Leinster schools on why they chose Bradburys.

“ They are just so dependable and reliable and at the end of the day that has to be first and foremost, they have always been on time for over six years now. The ease of service is just so hassle-free, Bradbury's haven't let us down once. They have great quality and variety, we have never had a bad sandwich from them and they always have such fresh food. It helps they are a family bakery and deli business and the food doesn't have to travel far. With the clear packaging you can actually see the food which is important, yet the items are wrapped individually for hygiene.

We have never considered changing, despite reps calling every month, they really are the most professional and always available, we have never had a problem, the billing is always correct, invoices in on time and it's always under budget and on time. The system is so much simpler and they are at the end of the phone anytime, anything can be changed tomorrow, John who we deal with is always available and very approachable. And he always does what he says he will do. The waste removal is included. We always get what we ask for.

The benefits are across the whole school really, increased concentration, improved attendance from children that may have had issues otherwise and because the food is so good we always use up everything.”

- Co-Ordinator

“ 10 out 10. We would recommend them to any school and we have been with them for over 6 years now.”
